CARDBOARD

Please break down and cut to fit inside of cart or bin. Extra cardboard that cannot fit inside cart should be flattened into 3' x 3' sections and placed alongside the recycling cart.

PLEASE REMOVE ALL PACKING MATERIALS before placing cardboard boxes in your recycling cart.

Please rinse food and beverage containers before placing in cart.

Dear Valued Customer,

Recology Santa Clara (formerly Stevens Creek Disposal & Recycling) is pleased to introduce a new and improved recycling program to the residents of Santa Clara. **Beginning December 7, 2009**, Recology Santa Clara will provide a new *Single-Stream Recycling Program* that will make recycling more convenient for our customers. This new program means that you no longer need to sort your recycling. All of the materials, including cans, bottles, paper and cardboard, can be mixed together in the same container.

You do not need to do anything to initiate participation in this new program!

Our Operations Department will be visiting your complex and relabeling the existing recycling containers with new "Single-Stream Recycling" decals. In the meantime, all you have to do is continue to participate in the recycling program.

Your "green" efforts will help the City of Santa Clara meet their state mandated diversion goals. To learn more about the new Single-Stream Recycling Program, please contact our Customer Service Department at **408-970-5100** or visit us online at **www.recologysouthbay.com**.

Sincerely,
The Employee-Owners of Recology Santa Clara

650 Martin Avenue
Santa Clara, CA 95050

(408) 970-5100
